ASSOCIATE UX DESIGNER

PROFILE

As a passionate and energetic college student pursuing a degree in BSc (Hons) Computing at Coventry University UK. My previous work experience as an intern at Hayleys Advantis, and I'm looking for a position as an associate UI/UX Designer where I can use my technical expertise and creative design abilities to produce user-friendly and engaging digital experiences.

EXPERIENCE

Intern

Hayleys Advantis Limited

2021 Jun - 2021 Dec

- Utilized design software such as Justinmind to create high-fidelity mockups.
- Utilized responsive design techniques to ensure optimal user experience across different devices and screen sizes.
- Developed a web application from scratch using ASP.NET Core and Dapper as the primary technologies.
- Created database schema and implemented data models using Microsoft SQL Server.

UI & UX PROJECTS

Zero Waste Management System Case Study

2022 Dec

- Conducted research on waste management by designing and conducting questionnaires to gather user feedback and understand their challenges in handling waste effectively.
- Developed user personas, empathy maps, and journey maps to gain a deep understanding of the users and their needs in order to design an effective waste management system.
- Created user flow and information architecture diagrams to map out the user experience and identify potential pain points in order to improve the user experience.
- Utilized wireframes to design the waste management application, while ensuring a user-friendly interface and optimal functionality.

LANGUAGE
PROFICIENCY

- English.
- Sinhala
- Tamil.

Elevate Technologies Web Design

2022 Jan

- Redesigned website layout with a focus on improving visual appeal and usability.
- Developed high-fidelity prototypes using Figma.
- Actively kept up to date with industry trends and emerging technologies to incorporate into design concepts.
